

# HVLT Firewise

## Roadside Neighborhood Chipper Program

Limbs and small trees piled for chipping. Neighborhood debris box.

HVLT Firewise, in collaboration with Southern Marin Fire, is offering roadside chipping of shrub, brush, branches and small trees for Homestead residents.

- For limbs and small trees: 8" maximum diameter
- Minimum total pile size: 6' x 5' x 4'
- Piles must be able to remain in place days or weeks until chipper is available
- **NO ivy, NO poison oak, NO broom**

Curbside Chipping Program:

1. Contact [firewise@hvl.org](mailto:firewise@hvl.org) or your Neighborhood Block Contact to propose a roadside location where a pile can safely remain for days or weeks
2. A HVLT Firewise team member confirms location with an HVLT Firewise sandwich board
3. Pile limbs and small trees with all thick side/trunk orientated to street
4. Contact [firewise@hvl.org](mailto:firewise@hvl.org) or your Neighborhood Block Contact when pile is ready for chipping
